CITATION FOR LEGION OF MERIT

JAMES ANGLETON, 0886353, Captain, Army of the United States, 2677th Regiment, Strategic Services Unit, for exceptionally meritorious conduct in the performance of outstanding services in the Mediterranean Theater from 28 October 1944 to 4 December 1945. As Commanding Officer of the Special Counter Intelligence Units in the Mediterranean Theater, Captain Angleton directed the operations of the personnel of these units in the practices which enabled them to apprehend over one thousand enemy intelligence agents. The dissemination of clear, concise, and comprehensive descriptive material in a form originated by him was a contributory factor. He personally undertook the compilation of a complete brief on the enemy intelligence services known to be operating in North Italy. By this means the agencies operating with the Fifteenth Army Group were furnished a clear picture of what they could expect in North Italy. Since the surrender of the enemy his review of enemy intelligence material has resulted in the detention of large number of lesser collaborators. During personnel redeployment, Captain Angleton has been able to maintain a superior quality of results which has gained the commendation of executive intelligence agencies associated with him. Entered service from Tucson, Arizona.
